Sharron Milstein workshop

On June 30th, Saturday, *The Art of Garden Photography* workshop taught by Sharron Milstein was attended by eighteen people. The photo-shoot in the late afternoon and evening was filled to its limit of 12. There was also a potluck lunch in Barbara Murray's garden, which gave us additional discussion time with Sharron. The evaluations that were turned in were excellent. Sharron's handouts were great recaps and covered things we didn't get to in the lecture, and her slide presentations were truly inspirational.

Digital Users' Group is now meeting regularly

The Digital Users' Group is up and running full force. In May, various hardware requirements and suggestions were covered. In June, the topic was software. In July, David Sams gave a great presentation on the different kinds of digital resolution. The August 8 presentation will be by Julie Saint of R&R Custom Labs. Her subject will cover digital imaging from the lab standpoint and will include handouts and exhibits. (With lots of helpful hints.) The September 12 meeting will bring us Jim Snook of Huppins' Photo. He will demonstrate and exhibit various digital cameras that are available today, giving us pros and cons of each.

Dues are now due

Membership dues are now due for the 2001-2002 year, \$20 a person or \$30 a couple. They can be mailed to Lori Carlton Smith, 2316 S. Lincoln St., Spokane, WA 99203-1257, made out to Spokane Camera Club. We have a large number of members that haven't paid yet. Dues must be current in order to enter photos in September. Anyone with questions about their status should call Lori at 747-7797.
